---	---

Biochemistry					Haematology				
Analyte	Result	Low	Normal	High	Analyte	Result	Low	Normal	High
Sodium					Hb				
Potassium					WCC				
HCO ₃					Platelets				
Urea					Neutrophils				
Creatinine									
ALT					Coagulation				
ALP					Analyte	Result	Low	Normal	High
GGT					INR				
T. Protein					APTT				
Albumin					Fibrinogen				
Calcium					D-Dimer				
Magnesium									
Phosphate					Kleihauer				
Troponin T					IM Screen				
Amylase					Snake Bite				
Lipase					Malaria				
Glucose					Therapeutic Drugs				
HCG					Analyte	Result	Low	Normal	High
Free T4					Digoxin				
TSH					Theophylline				
Ethanol									
Paracetamol					Microbiology/Other				
Salicylate					Test	Result			
Bilirubin (Neonatal)									
Blood Gases									
Analyte	Result	Low	Normal	High					
pH									
PO ₂									
PCO ₂									
HCO ₃									
BE									
O2 Sat %									
Action/Follow up Required. (eg specimen recollection, collection of blood product etc)
